

Collaboration: Steps of Process

Preamble

You may be starting from scratch in thinking about a collaborative agreement with other UCC churches. You may already have decided with whom you would like to collaborate. Collaborative agreements can be fairly simple or quite complex.

This is the general process which may be adapted to your situation.

Process

 - Hear what might already be happening to see if you might fit into a current discussion.
2. Refer to Congregational Support Toolkit Collaborative Agreements on your regional council website.
3. If you have current ministry personnel consult with Pastoral Relations Minister about the pastoral relationship.
4. Discuss with your governing body and current ministry personnel.
5. Contact other Communities of Faith (CoFs) for invitation.
6. Share your Community of Faith (CoF) Profile.
